

Horses for Hope

Building better teams

HORSES FOR HOPE TRANSFORMS TEAMS USING HUMAN AND HORSE CONNECTION

What is Horses for Hope?

Horses for Hope uses connection between horses and humans to address the needs and improve the lives of both.

People and horses work together in a safe and therapeutic environment to build the fundamentals of resilience and teamwork – self-awareness, communication, understanding, confidence, trust and accountability.

Our packages are tailored to organisational needs and improve leadership, assertiveness, relationships, customer engagement and change management.

The Victorian-based program is suitable for everyone – individuals and teams.
